**POWER OF ATTORNEY**  
**AND CORRESPONDENCE ADDRESS INDICATION FORM**

I hereby revoke all previous powers of attorney given in the above-identified patent/application.

I hereby appoint Practitioners associated with the Customer Number 75579 as my/our attorney(s) or agent(s) to prosecute the application identified above, and to transact all business in the United States Patent and Trademark Office (USPTO) connected therewith.

Please recognize or change the correspondence address for the above-identified application to the address associated with the above-mentioned Customer Number 75579.

I am an Assignee of record of the entire interest. See 37 CFR 3.71. Statement under 37 CFR 3.73(b) is enclosed. (Form PTO/SB/96).

By executing the Power of Attorney, Abmetrix, Inc., is allowing said Practitioners of the firm ("Morrison and Foerster"), to prosecute the above-referenced patent and any related matters that arise before the USPTO. Although the Power states that Abmetrix, Inc. is appointing said Practitioners with "power of attorney" for the sole purpose of prosecuting the matters arising before the USPTO in connection with the patent, that appointment is understood solely in light of

Abmetrix, Inc. ownership interest in the patent. So, despite the use of the phrase "power of attorney," Abmetrix, Inc. and said Practitioners and Morrison and Foerster mutually agree and confirm that this executed power of attorney does not create any attorney-client relationship, actual or prospective, between Abmetrix, Inc. and said Practitioners and/or Morrison and Foerster, or, for that matter, between said Practitioners and/or Morrison and Foerster and any other person with respect to this patent. Tethys Bioscience, Inc., will remain said Practitioners and Morrison and Foerster's sole client in respect of the subject patent.

Respectfully submitted,

By
